SECTION 1—LAND REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

(1) Government Notification No. R. 8675—L. R. 490-06-1, dated the 21st March 1907, sanctioning the levy of a cess of one anna on every rupee of assessment on Supari garden lands in the State with effect from the official year 1907-08.

(2) Letter No. 38, dated the 23rd April 1907, from the Superintendent, Revenue Survey and Settlements in Mysore:—

" In acknowledging the receipt of Government Proceedings No. Fl. 6878-88, dated 14th March 1907, and Notification No. R. 8675—L. R. 490-06-1, dated 21st March 1907, announcing the abolition of the Halat duty on Supari and sanctioning the levy of a cess of one anna on every rupee of assessment on Supari garden lands in the State, with effect from the official year 1907-08, respectively, I have the honor to submit herewith a note drawn up by me together with the Kadur District Deputy Commissioner's letter No. 1665, dated 2nd April 1907, about the levy of the cess in question, for favour of the orders of Government:—

NOTE.

On Notification No. R. 8675—L. R. 490-06-1, dated 21st March 1907, sanctioning the levy of a cess of one anna on every rupee of assessment on Supari garden lands in the State—proceeds to be set apart to form a fund for the scientific investigation of Supari garden problems, etc.; and No. Fl. 6878-88, dated 14th March 1907, directing Deputy Commissioners to take the needful action *in re* levy of said cess in communication with the Survey Department.

Kadur Deputy Commissioner, in his letter No. 1665, dated 2nd April 1907, to the Superintendent of Survey, asks what steps he should take.

The only recognised descriptions of land in our revenue accounts are dry, wet and garden. Supari has no technical status or recognition. Consequently the Akarband is of no use for the present purpose.

2. Had the order been limited to the Malnad, there would have been no difficulty, and no injustice in levying the cess upon all gardens as per Akarband, for it so happens that there is very little garden in the Malnad that is not Supari. Survey numbers which could be shown as growing no Supari could be exempted. There would be few such survey numbers.

3. In the Maidan, "garden" and "Supari" are by no means synonymous. Supari indeed is exceptional. There are survey numbers wholly Supari, survey numbers of mixed Supari and cocoanut, survey numbers fractionally occupied by Supari in every degree down to half a dozen trees and there is a good deal of Supari irrigated from wells which claim exemption even from irrigation cess. It is obvious, therefore, that "Supari garden lands" require definition for the purpose of levying this new cess. Survey numbers wholly Supari present no difficulty until used for other cultivation, rice for instance. Survey numbers only partly under Supari present great difficulty and unequal incidence of the cess is imminent even under the most careful rules and definition. Mixed Supari and cocoanut makes the difficulty still greater.

4. The only solution of the difficulty would be to actually measure and record the Supari area in each survey number, which would be a work of very great labour, cost and magnitude, tantamount to creating a new "description" as technically understood in addition to "dry," "wet" and "garden" in my opinion a most inadvisable step.

An alternative measure would be to make the area shown in Village Form No. 3 or "Pahani Takhta" column 12 with its appropriate assessment, the basis of the collection of the cess. There appear to me to be some objections to the last-mentioned course, in the power it would give the village officers to possibly interfere with and annoy the occupant. It is, however, the only course when a description of land not recognised separately in the Survey

accounts is made the basis of a cess. Supari, however, is a very easily recognised crop at time of "Pahani" and honest mistakes are not probable. In the case of Supari being mixed with other garden trees or crops, a fair proportion should be taken.

5. I think I am right in believing that the condition and circumstances of the Malnad, called forth the exceedingly wise step of abolishing the "Halat" and that even the scientific investigation upon which the proceeds of the cess are intended to be spent concerns chiefly diseases which are peculiar to the Malnad.

6. If Government could see their way to restricting the new cess to Malnad gardens the terms "Garden" and "Supari garden lands" are so closely synonymous that Akarband might be taken as the basis of the collection of the cess. All that would be necessary would be to exempt whole survey numbers in which no Supari at all is grown; these cases would be very few indeed.

7. If it is considered necessary to extend the levy of the new cess to the whole State, the safest course, at any rate to begin with, will be to make the annual inspection of crops as recorded in Pahani Takhta the basis of collection as detailed in para 4 above.

No. R. 1684-93—L. R. 490-06-3, DATED BANGALORE, 2ND SEPTEMBER 1907.

ORDER THEREON.—The difficulties pointed out by the Superintendent of Survey in determining the area devoted to Supari cultivation, on which the cess is to be levied, are no doubt real, especially as regards the Maidan parts of the State. Government do not deem it expedient to direct that such areas should be ascertained by actual measurement independently of the operations of the Survey Department, or to adopt the Pahani accounts as the basis of calculation, as the entries therein, even if made on actual inspection of the lands, can only be more or less approximate. They also cannot approve of the suggestion to confine the cess to the Malnad parts of the State, as there are equally valuable gardens in several parts of the semi-malnad and even the Maidan taluks of the Shimoga and Kadur Districts, and it will be invidious to exempt them and also the Supari gardens elsewhere. Government consider that the following rules, would facilitate the levy of the cess in an equitable manner without introducing any unnecessary exemptions or necessitating for any elaborate enquiry.

(*a*) Gardens, in which Supari is the chief crop, shall for the purpose of this levy be treated as entire Supari gardens, and the cess calculated on the whole area and assessment thereof. In the case of other gardens having Supari intermingled with other produce, the area under Supari will be reckoned on the basis of one acre for every 400 areca trees of not less than six feet in height. The assessment on such partial areas shall be calculated at the same acreage rate which the survey number bears, and the cess shall be calculated in multiples of two annas, smaller sums being left out in order to exclude small patches of Supari gardens assessable below Rs. 2 from the operation of the Notification read above.

(*b*) The counting of the trees and the settlement of the cess shall be made once in ten years. The Deputy Commissioner's decision regarding the levy of the cess under the rules herein laid down shall be final, subject to alteration or addition, once in ten years, according to altered circumstances. Special cases, in which the Supari gardens deteriorate so as to necessitate a remission of the cess under these rules, before the time for the next settlement of the cess arrives, shall on representation to the Deputy Commissioner, be investigated personally by responsible officers and the necessary relief granted.

(*c*) Lands, originally classed as garden but which now do not contain Supari trees, shall be exempted from the cess, as the Notification read above applies only to Supari gardens in existence.

(*d*) Wet and dry lands converted into Supari gardens since the Survey Settlement are also liable to the cess.

(*e*) In the case of the Malnad gardens, where Supari is the chief crop, the cess should be calculated upon the amount actually collected as land revenue, exclusive of remissions, until the Revision Settlement is introduced, when the cess will be levied upon the revised assessment imposed.

2. The Revenue Commissioner is requested to issue instructions to the Deputy Commissioners to take early steps to have the cess duly assessed in accordance with

the above directions and arrange for its recovery from the next collection season.

3. The Deputy Commissioners of Districts are requested to enter the amount of this cess under a distinct head "Areca cess" in the place of "Sayer" in thestatement showing the demand, collection and balance under Local Cess submitted by them to Government.

READ—

Letter No. 5103, dated the 12th November 1906, from the Revenue Commissioner in Mysore, suggesting that the Administration Reports submitted by the Sub-Divisional Assistant Commissioners may be dispensed with, the Jamabandi Reports being made more exhaustive and self-contained.

No. R. 1712-20—L. R. 258-06-3, DATED BANGALORE, 4TH SEPTEMBER 1907.

ORDER THEREON.—In the Revenue Administration Report for 1904-05 the Revenue Commissioner (Mr. T. Ananda Rao) having invited the attention of Government to the fact that the Jamabandi and the Administration Reports overlapped each other, thereby rendering the one somewhat superfluous and the other less exhaustive and self-contained, the question whether either of these reports might be discontinued was reserved for separate consideration and orders. The Government have carefully considered the suggestions made by the present Revenue Commissioner, that the Jamabandi Report might be retained and amplified in scope, while the Administration Report of Sub-Divisional Assistant Commissioners might be abolished, as a consolidated Administration Report is required to be submitted for each district. Government are, however, of opinion that though the Jamabandi and Administration Reports, as now prepared and submitted, cover the same ground to a large extent, yet it is possible by greater attention to the punctual submission of Jamabandi Reports and a slight modification in the scope of both reports to make them fulfil very distinct and important objects.

2. In the Bombay Presidency, the system of Revenue Administration in which bears a close resemblance to that in Mysore, Assistant Collectors and Deputy Collectors are required to submit both a Jamabandi and an Administration Report and the form prescribed for the latter avoids as far as possible a repetition therein of the information contained in Jamabandi and other reports.

3. The brief account of Jamabandi which has to be given in the Administration Report, according to the form prescribed for it by Government Order No. R. 3894-935, dated 14th April 1903, is chiefly intended for the purpose of ascertaining whether standing orders have been complied with in the commencement, conduct and duration of Jamabandi and the state of collection. It has, therefore, to be very general and cannot be expected to give detailed information as to how Jamabandi work has been done in each separate taluk and the personal action taken by the officer conducting the Jamabandi. The close observation of the conditions of the taluk, which a careful performance of Jamabandi work requires, brings to the notice of the Jamabandi Officer several things requiring immediate attention or which have to be reported to superior authorities. It is not desirable, therefore, to neglect the means which Jamabandi Reports frequently afford of indicating the special needs of each taluk and causing steps to be taken suitable to its special requirements by the issue of general instructions without unnecessary correspondence upon mere questions of detail. An Administration Report which deals comprehensively with matters affecting the general condition of the people, its improvement, the mode of collection of land revenue and other subjects of general importance, will not afford much scope for such prompt action.

4. Government, therefore, deem it expedient to continue the Jamabandi Reports, which should be submitted to the Revenue Commissioner through the Deputy

Commissioners immediately after the completion of the Jamabandi of each taluk. The Deputy Commissioners need not prepare any review of these Jamabandi Reports, and it will suffice if they merely submit to the Revenue Commissioner their own Jamabandi Reports for the taluks settled by them as well as those received from the Sub-Divisional Assistant Commissioners, the latter with any observations they wish to make noted in the margin. The Revenue Commissioner will pass orders on the Jamabandi Report of each taluk, as it is received, and return it to the Deputy Commissioner for transmission to the officer concerned. The Revenue Commissioner need not prepare any consolidated report or review of the Jamabandi Reports, or submit them to Government, as he can himself take the requisite action on the several matters of detail therein dealt with; but in cases where there is need to bring to the notice of Government any points worthy of note, the matter will be reported to Government either separately or in the consolidated Revenue Administration Report.

The procedure above laid down will enable the Deputy Commissioners to note the progress of Jamabandi, exercise control over the work and cause any defects observed by them to be immediately rectified, while affording an opportunity to the Revenue Commissioner to be in touch with all that takes place in the Huzur Jamabandi of taluks, and to issue suitable instructions promptly whenever any shortcomings are noticed by him.

5. In order, however, to confine the Jamabandi report purely to questions concerned with the annual settlement and to prevent its overlapping the annual Administration Report, Government consider that the items of work enumerated in Government Proceedings No. 3231-8—R. 1053, dated the 17th October 1900, as being the important duties devolving on Jamabandi Officers, require modification, and the following matters, not being directly connected with Jamabandi proper, should be left out in the Jamabandi Report :—

(1) Inspection of boundary marks.
(2) Do of frontier boundary marks.
(3) Do of tanks and tank bunds.
(4) Do of avenue trees.
(5) Sanitation and water-supply.
(6) Municipal and Local Fund works.
(7) Vaccination.
(8) Inspection of dispensaries, schools, etc.
(9) Other matters.

6. Such of the above matters as are not already mentioned in para 5 (*b*) of the Administration Report, will be dealt with in the Administration Report under para 5 (*b*).

7. Para 5 (*a*) of the Administration Report also refers to Jamabandi Settlement but as the figures in that para will be final, those given in the Jamabandi Report being only preliminary, it requires no modification and will be retained as it is.

8. With the reduction in the scope of the Jamabandi Report as ordered above, Government observe that the Administration Report prescribed by the Government Order dated the 14th April 1903, may stand as it is. It will afford information about the condition of each group of taluks constituting a sub-division, and enable Government to judge of the nature of the work performed by each officer and his general capacity, and to see whether he is actively administering his charge, what his grasp of work is and his knowledge of the taluks in his charge and his appreciation of the needs of the people. In the case of the younger officers, they know that the reports go up to Government and are the only means the Government have of judging the merits of these officers, their keenness in their work and their ability to write an intelligent and readable report; and Government consider that such a powerful incentive for good work and corrective of negligence and slackness, should be retained.

READ—

D. O. letter No. 400, dated 17th May 1907, from the Revenue Commissioner in Mysore, recommending that Mr. C. Srikantesvara Iyer, Deputy Commissioner, may be permitted to draw Rs. 800 per mensem, the full pay of the last grade, from the 30th April 1907.

No. R. 1946-9—L. R. 178-06-15, DATED BANGALORE, THE 12TH SEPTEMBER 1907.

ORDER THEREON.—Mr. Srikantesvara Iyer was appointed a Deputy Commissioner *sub pro tem* on the 20th April 1906, and he assumed charge of his duties on the 30th idem. He was subsequently confirmed as Deputy Commissioner, 3rd class, with effect from the 1st July 1906. The pay of a Deputy Commissioner of the 3rd class is Rs. 700 rising after one year's service to Rs. 800. Mr. Srikantesvara Iyer requests that he may be allowed to draw Rs. 800 from the 1st May 1907, *i. e.*, after one year from the date of his appointment *sub pro tem*.

If Mr. Srikantesvara Iyer's request is to be complied with, the two months during which he was *sub pro tem* in the 3rd class will have to be taken into consideration in computing the period of approved service. Precedents on this subject are conflicting as there have been cases in which acting service has been allowed to be counted towards the increment. Government therefore consider it necessary to lay down a definite rule on the point for the decision of the present and future cases. They consider that it is not desirable to allow acting or *sub pro tem* service to be counted, as acting arrangements are often made tentatively and to suit the exigencies of the moment, and if such service is reckoned towards the increment, it may often affect relative rank and cause supersessions that were not contemplated. They therefore direct that the pay of Rs. 800 be given only after one year's approved service subsequent to permanent appointment as Deputy Commissioner. Mr. Srikantesvara Iyer will accordingly be entitled to draw Rs. 800, only from the 1st July 1907. The same rule will apply in the cases of District Judges also.

Government Order No. 478-87—L. B. 127-06-7, dated the 15th July 1907, directing that the extension or shifting of villages and the creation of new ones be dealt with by the Revenue agency direct without the intervention of District Boards and that the cost of acquiring lands for such purposes be borne by State Funds.

No. R. 2233-42—L. R. 184-07-1, DATED BANGALORE, 25TH SEPTEMBER 1907.

ORDER THEREON.—Government are pleased to direct that the order read above be held applicable also to extensions of villages which have been constituted into Unions, as distinguished from ordinary villages.

2. Since Government have undertaken to bear the cost of acquisition of lands in both cases, the sale proceeds of building sites will be credited to State Revenue. To maintain a check over the amount spent and that realised, it is considered necessary that the amount required for the acquisition of lands should, in the first instance, be shown under a special advance head and the sale proceeds of sites also credited to the same head towards the recoupment of the advance. Any excess realizations over the amount advanced, will be credited to "1. Land Revenue Miscellaneous," and in case of deficit, the balance of the advance remaining to be recouped will be debited to a new head "2. Land Revenue—Charges of District Administration—Extension of village sites."

3. This Order does not, however, affect the existing arrangement of crediting the house-tax collected in village Unions to District Funds.

Letter No. 2314, dated the 13th August 1907, from the Revenue Commissioner in Mysore, submitting for approval with a few modifications, a draft form of agreement proposed by the Deputy Commissioner of the Hassan District, to be executed by the grantees of lands for rubber cultivation.

No. R. 2184-93—L. R. 98-07-3, DATED BANGALORE, 23RD SEPTEMBER 1907.

ORDER THEREON—The form of agreement, with the alterations suggested by the Revenue Commissioner, is slightly modified and approved as in the copy appended hereto.

2. The Superintendent, Government Press, is requested to print and supply to the Revenue Commissioner the required number of copies of the form, which may be ascertained from that officer.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Superintendent, Government Press.

FORM OF AGREEMENT.

I hereby agree to take up the lands described in the annexed schedule for rubber cultivation on the following terms in accordance with the standing orders of the Government of His Highness the Maharaja of Mysore on the subject:—

1. That in the month of September of every year, I shall give notice to the Forest Department, of the extent and situation of the area that I intend to clear and plant in the succeeding year so as to enable that Department to make arrangements for the cutting and removal within six months of the receipt of the notice, of all timber on the area likely to be cleared by me. The Forest Department shall have full right to deal with the timber on the portions for the clearing of which no notice has been given by me.

2. That the cultivation of the land will always be subject to the reservation of a margin of 50 yards around springs and on either bank of perennial streams, etc., as has been decided upon by Government.

3. That catch crops may be raised on the land but they will be strictly subordinated to the cultivation of rubber and cease to be raised when the rubber trees begin to yield.

4. That I shall allow free access to Forest, Police and Revenue officers to enable them to attend to the conservancy and extraction of sandal trees growing on the land, which are always a monopoly of Government and which will be scrupulously preserved.

5. That the land will be free of assessment for the first five years from the date of the grant and that an assessment of 3 rupees per acre on all the lands mentioned in the annexed schedule will be paid by me from and after the 6th year, such payment being made by me on or before the 30th April of the official year for which it is due.

6. That the upset price of Rs. 10 per acre on the lands specified in the annexed schedule will be paid by me after the expiry of five years from the date of the grant in five annual instalments and the prescribed title-deed obtained by me.

7. That if, before the expiry of the first five years, a title-deed is required by me, I shall pay the upset price of Rs. 10 per acre, when I shall be entitled to obtain he title-deed from Government.

8. That I shall not have the power of alienating any portion of the land specified in the annexed schedule unless and until a title-deed is obtained by me as above.

9. That on failure to comply with any of the conditions set forth above or when the land ceases to be a rubber plantation, the grant shall be liable to resumption, the decision of the Deputy Commissioner on this question being final.

1. Government Order No. R. 9494-6—Agri. 38-05-20, dated the 24th April 1907, approving of the main lines of a scheme framed by the Revenue Commissioner for the organization of a Civil Veterinary Department in Mysore, and requesting him to submit revised proposals regarding the scale of pay of the establishment and the places where the Veterinary Hospitals are to be located.

2. Letter No. 15181, dated the 17th June 1907, from the Revenue Commissioner in Mysore, submitting a revised scheme as called for in the above Government Order.

No. R. 1727-37—AGRI. 38-05-22, DATED BANGALORE, 4TH SEPTEMBER 1907.

ORDER THEREON.—Government are pleased to sanction the scheme for the organization of a Civil Veterinary Department in Mysore as set out in the Appendix to this Order. Government agree with the Revenue Commissioner in considering that it is not possible to bring the entire scheme immediately into operation, as a sufficient number of duly qualified men are not likely to be available, and that for this and other reasons it is desirable to introduce it gradually as experience is gained of the requirements of the different parts of the State, by the actual working of the scheme, and as the funds required therefor can be made permanently available. The cost of the scheme when fully introduced will be Rs. 49,776 annually, besides an initial cost of Rs. 10,000 for opening the hospitals and dispensaries.

2. For the present, in order to provide veterinary treatment in localities where it is most needed and bring home to the people the advantages of such treatment, Government are pleased to direct that the following Hospitals and Dispensaries be opened during the year 1907-08:—

(i)	Mysore	Hospital
(ii)	Anantapur (Shimoga District)	Do
(iii)	Chikmagalur (Kadur District)	Do
(iv)	Gubbi (Tumkur District)	Dispensary
(v)	Kolar	Do
(vi)	Hassan	Do
(vii)	Holalkere (Chitaldrug District)	Do

3. The following scale of establishment and other charges for these institutions is sanctioned, and the cost of the same for the current official year will be met from the provision of Rs. 9,600 made for the purpose in the budget:—

(*a*) Seven Assistant Veterinary Inspectors for being in charge of seven Hospitals and Dispensaries at Rs. 30 per mensem in the grade of Rs. 30-2-40.

		Rs.	
(*b*)	Three salustries for the three Hospitals on	15	each.
	Three compounders for the three Hospitals on	8	each.
	Three farriers do	12	,,

	Four salustries for the four dispensaries on	12	,,
	Four compounders do	8	,,
	Four sweepers do	4	,,

(*c*) *Maintenance charges*—

For three Hospitals at Rs. 300 per annum each.
For four Dispensaries ,, 150 do

(*d*) *Initial cost of establishment, such as purchase of furniture and other equipment*—

Of three Hospitals at Rs. 500 each.
Of four Dispensaries ,, 250 ,,

4. The appointment of a 2nd grade Assistant Veterinary Inspector on Rs. 30—2—40 for the Bangalore Veterinary Hospital, to enable the Inspector of Cattle Diseases to tour out more freely, is also sanctioned.

5. The Revenue Commissioner will report to Government and intimate to the Comptroller, the dates from which the respective institutions are opened and the officials entertained. He is also requested to submit reports on the working of the institutions every half-year.

Initial cost of establishment of eighteen dispensaries at Rs. 250 each	4,500
Grand Total ...	59,776

6. *Mode of recruitment of officers.*—The Superintendents and Inspectors will be appointed by Government on the recommendation of the Revenue Commissioner, and the Veterinary Assistants, by the Revenue Commissioner, all from among men who have obtained the diploma or certificate of the Veterinary College, Bombay, or the Veterinary Institute at Madras or of any other recognized Veterinary Institution in other parts of India. In selections for the post of Inspectors and Superintendents, preference will be given to those who, in addition to the above qualifications, possess high general educational attainments.

7. *Pay and allowances, sources of.*—The pay and allowances of the staff of the Veterinary Department shall be paid from Provincial Funds, but the District Boards and Municipalities will be requested to contribute from half to three-fourths of the cost of management of Veterinary Hospitals, and Dispensaries exclusive of the pay of the Inspector or Assistant in charge of the Hospital or Dispensary. The services of the Veterinary Inspectors or Assistants may, with the permission of the Government, be placed at the disposal of estates or of Jahgirs which require them, on their agreeing to pay fully their pay and other charges.

8. *Duties of Superintendents.*—The touring Superintendent's duties relate to—

(a) In connection with horse-breeding.

(1) The purchase and distribution of stallions.

(2) The inspection of stallions.

(3) The elimination of inferior sires.

(4) The registration of the produce of stallions.

(5) The instruction of breeders in an effective and economical system of horse-breeding.

(b) In respect of cattle-breeding.

(1) Collection of information regarding cattle-breeding and special cattle herds,

(2) Supervision of cattle farms or herds,

(3) Preparation of bulletins on the cattle breeds.

(c) Regarding cattle diseases.

(1) Inspection of Veterinary Hospitals and dispensaries

(2) Attending to outbreaks of epidemic diseases and supervising the work of the inoculation of cattle.

(3) Issuing instructions as to the treatment of ordinary diseases and precautionsto be taken in the case of contagious diseases.

(d) Of a general nature.

(1) Helping District Officers in holding horse and cattle shows.

(2) Submitting reports on all matters connected with treatment of animal disease.

(3) Reporting forthwith by wire when necessary the outbreak of any serious epidemic diseases to the Revenue Commissioner, who will inform the Bacteriologist, so that, if necessary, this officer may visit the locality for the purpose of taking observations and examining affected animals

(4) Making from time to time, in accordance with the general direction of the Bacteriologist such microscopic examinations as can be made by him without interfering with other duties.

(5) Forwarding such specimens of tissues, etc., of diseased animals as may be required by the Bacteriologist.

(6) The general supervision and control of the work of Veterinary Inspectors and Assistants.

The touring Superintendent will have an office establishment of a clerk and an Inspector to assist him in his work.

9. *Duties of Veterinary Inspectors.*—The duties of the Veterinary Inspectors are :—

(1) Going systematically on tours in all the taluks of the districts under his charge.

(2) Supervising the work of the stationary and itinerating Veterinary Assistants.

(3) To make known the existence and objects of the dispensary to the people and to send animals for treatment there if possible, and to treat locally.

(4) To visit cattle-fairs and shows in the taluks.

(5) To take prompt measures for the repression of cattle disease.

(6) Castration of colts and oxen.

(7) To ascertain the localities most liable to outbreaks of diseases of an epizootic or serious nature, inspect them and record the result of their investigation, and also to mark out such localities on rough sketch maps and submit them to the Superintendents.

These diseases may be represented by lines of different colours, *e.g.*, rinderpest by red, anthrax by black, malignant sore throat by blue, foot and mouth diseases by yellow, and other diseases by other colours. If a disease be of a malignant type, the lines representing the disease should be drawn close together, otherwise wide apart.

(8) With the map a report containing details of diseases of *ante* and *post mortem* appearances obtained in animals attached by such diseases and of treatment adopted by raiyats, of drugs used, and results obtained, should be submitted.

(9) They should note custom existing in particular localities injurious to the health or welfare of the cattle and report on them.

(10) They should collect full information regarding the breeding or source of supply of the tilling and milching cattle of every locality they visit, of the sufficiency of bulls and the interest the people take in breeding, *e.g.*, whether they would maintain a bull if supplied or would be willing to take their own cows for service to a stand in the neighbourhood.

(11) They should inspect the localities where breeding is carried on, or which are favourable to breeding of horses, cattle and sheep in their districts and their rearing and management under the following heads :—

(i) Name of breed or variety.
(ii) General description of the breed.
(iii) Any special customs as regards breeding or feeding.
(iv) Whether the breed be useful for drought or dairy purposes.

The report should, whenever necessary, be accompanied by a coloured map showing the distribution of the breed.

(12) Veterinary Inspectors should also inspect the cattle-pounds and submit a report on their sanitary condition.

(13) It is also their duty to gather information regarding cattle-poisoning, whether criminal or accidental, and the nature of the poison used, the treatment and the results. Where there is reason to suspect that intentional poisoning or intentional spread of epidemic diseases is practised by chamars or others, the fact should be brought to the notice of the Deputy Commissioner and District Magistrate with as little delay as possible.

(14) Veterinary Inspectors should, on the last day of each month, submit diaries of their work, together with a programme of work to be done during the ensuing month, through the Deputy Commissioners of the districts allotted to them, to the Superintendent.

(15) Veterinary Inspectors should report to the Superintendent the date of their arrival at or departure from head-quarters.

(16) The Inspectors are expected to be under the general orders of the Deputy Commissioner, while working in the district and should not stay at head-quarters of the district for more than ten days a month.

10. *Duties of itinerating Veterinary Assistants.*

(1) Prevention and treatment of epidemic diseases among animals.

(2) Castration of inferior entires.

(3) Halts at head-quarters of taluks should not ordinarily exceed ten days in duration for a month.

(4) Private practice is permitted to them, subject to rules in force on the subject.

(5) They should visit without delay any village where epidemic diseases are reported to exist and take steps for suppressing the outbreak.

(6) Preventive inoculation may be undertaken by such as have received the necessary training, provided owners of cattle are willing to have them inoculated.

(7) To secure the isolation of diseased or infected animals with the consent of the owners and the destruction by fire of all infected matter.

(8) To send such animals to the Hospitals or to treat them locally.

(9) To inspect and report on the condition of cattle-pounds in the taluks.

(10) They should submit on the last day of the month their diaries to the Veterinary Inspector of the District.

11. *Duties of Stationary Veterinary Assistants.*

(1) To be in charge of the Hospital or Dispensary and visiting such animals at the owners' stables under the rules prescribed by Government in this behalf.

(2) To attend to serious cases of horse and cattle diseases in the town.

(3) To assist the Amildar in holding cattle shows and fairs.

(4) To assist the itinerating Veterinary Assistants in suppressing serious outbreaks.

(5) To castrate colts and oxen.

(6) To supervise the sanitary condition of the cattle-pounds in the Taluk Head-quarters.

12. In the Hospitals, the animals admitted for treatment in the Hospital itself, will be fed at the cost of the owners.

13. Treatment of cases at the residence of owners and fees to be charged from well-to-do people for admission of animals belonging to them into Hospitals will be regulated by rules which might be framed from time to time on this behalf by the Revenue Commissioner.

14. The Superintendents, Inspectors and Assistants shall draw travelling allowances at the rates permissible for Medical Officers on similar pay.

Letter No. 15056, dated the 17th June 1907, from the Revenue Commissioner in Mysore, recommending sanction for an allotment of Rs. 27,040 for all the districts as shown in the margin, for meeting the cost of earthwork and other repairs to major and minor restored tanks during the year 1907-08, which is recoverable from the defaulting raiyats as a revenue demand.

District	Allotment Rs.
Bangalore	8,000
Kolar	5,000
Tumkur	1,300
Mysore	5,000
Hassan	5,000
Shimoga	1,000
Kadur	1,000
Chitaldrug	740
	27,040

No. R. 1855-65—AGRI. 82-06-19, DATED BANGALORE, 9TH SEPTEMBER 1907.

ORDER THEREON.—The allotments proposed by the Revenue Commissioner, for the purpose referred to above, appear to be based on merely approximate estimates furnished by Deputy Commissioners. As the system of making such advances has not hitherto been in vogue to any great extent, there has not been much opportunity

of testing by actual experience the probable requirements of the several districts. The Deputy Commissioners of the Shimoga and Kolar Districts, to whom allotments of Rs. 1,000 and Rs. 5,000 were sanctioned for the purpose during the year 1906-07, report that the amounts advanced and recovered in the said districts are as follow:—

District	Amount allotted	Amount advanced	Amount recovered
	Rs.	Rs.	Rs.
Shimoga ...	1,000	674	nil
Kolar ...	5,000	1,336	nil

2. Judging from the above, Government consider that an allotment of Rs. 10,000 for all the districts is sufficient for the current official year. A provision of this amount will accordingly be made by the Comptroller in the Ways and Means Estimate for 1907-08. The Revenue Commissioner is requested to distribute the above amount among the several districts according to their requirements.

3. The expenditure is to be incurred in advances for the purpose of executing repairs to tanks which the raiyats have failed to carry out. The advances made are therefore immediately recoverable. Revenue officers should collect such advances with as little delay as possible, so as to bring home to the raiyats the fact that maintenance work of tanks should not be shirked with impunity. It is therefore obviously inexpedient to put off the recovery till the collection season commences or allow payment to be made by instalments as in the case of land revenue. All such advances should, as far as possible, be adjusted before the expiry of the official year in which they were made. Special attention should be paid to the prompt preparation and sanction of estimates for earthwork required and work should be carried out and the cost recovered without delay.

4. In submitting future estimates for these allotments, the Deputy Commissioners are requested to furnish the following particulars, so as to enable Government to form an opinion as to the extent to which Deputy Commissioners have taken advantage of the provision now made and the effect it has produced on the general condition of the tanks:—

(i) The amounts advanced to the several taluks during the year, together with the balance, if any, outstanding at the end of the previous year.

(ii) The amount that has been collected or that might be collected during the year and the balance likely to be outstanding at the end of the year, and

(iii) The amount required for advance during the following year.

Letter No. 3106, dated the 2nd September 1907, from the Revenue Commissioner and President of the Dasara Industrial and Agricultural Exhibition Committee, suggesting that all the Heads of Departments and Deputy Commissioners of Districts may be invited to heartily co-operate with the Exhibition Committee in order to carry out fully the objects of the ensuing Exhibition:—

"I have the honor to request that Government may be pleased to issue as early as may be convenient, an order inviting the hearty co-operation of all Heads of Departments and Deputy

Commissioners of Districts with the Exhibition Committee and directing that expenses incurred by the several Departments for sending exhibits should generally be debited to the Department itself.

2. In regard to an Exhibition the object of which is purely to help the development of indigenous arts and industries and suggest to people ideas for their improvement, every Department of the State, interested in such improvements, should, in my humble opinion, contribute its legitimate share. For instance, it is only fair that the Medical Department should exhibit sanitary appliances and have lectures delivered on sanitation and public health. The Forest Department will add to its receipts gradually by exhibiting the more useful of the forest produce and explaining their bearing on agricultural or industrial development. The Department of Education will add to the knowledge of the people as well as those employed in the Department by exhibiting the work turned out in their Industrial and Technical Schools. The Agricultural Chemist may have a stall for himself and have the labours of the Department explained to the raiyats. The Public Works Department may exhibit such of their machines and implements as may be useful to the well-to-do raiyat or artisan. In brief, all the Departments may take advantage of the opportunity offered by the annual Dasara Exhibition to bring before the people whatever they can offer by way of instruction or improvement. If this view meets with the approval of Government, there can be no difficulty in Government directing that each Department should arrange to exhibit its wares at its own cost."

No. R. 1891-930—Agri. 17-07-17, dated Bangalore, 10th September 1907.

Order thereon.—Government agree with the Revenue Commissioner in thinking that the special technical Departments of the State should co-operate with the Exhibition Committee in the manner suggested by the Revenue Commissioner. The Heads of Engineering, Geological, Medical, Sanitary, Education and Forest Departments and the Agricultural Chemist are requested to place themselves in communication with the Exhibition Committee and arrange to exhibit such special products or appliances connected with their Departments as have a bearing on the economic condition of the State or have an artistic or industrial value. Government are also pleased to direct that each Department should bear the cost incurred in sending such articles to the Exhibition and exhibiting them.

As the Exhibition is mainly intended to promote the indigenous arts and industries of the State, the Deputy Commissioners are in a special manner bound to do their best to send as many exhibits and as varied a collection as is possible from their districts.

Letter No. 181, dated 23th August 1907, from the Agricultural Chemist in Mysore submitting a copy of the Proceedings of the meeting of the Board of Agriculture in India, held at Cawnpore on the 18th February 1907, and the following days, and reporting his observations on the Nagpur Agricultural Farm, which he visited on his way from Cawnpore.

"1. I am sending herewith a copy of the official report of the meeting of the Board of Agriculture held at Cawnpore on February 18th, 1907, which I attended. The report gives full information of all that took place at the meetings. But as it is a large report, I may mention that among the chief subjects dealt with at the Board of Agriculture meeting were those of the advisability or otherwise of recommending the introduction of a Fertiliser Law into India and discussion on sugar manufacture. In both these subjects, this Department was the one which had done more work than any other Departments in India, and naturally I took a prominent part in the discussion of these subjects. It was decided, however, that on account of the comparatively small demand for fertilisers existing at present in India *taken as a whole*, it would be inadvisable for the Board to suggest any legislation at present especially as, on account of the large number of small oil mills, there would be a difficulty in limiting the scope of a law without interfering with the bazaar trade. In the matter of the manufacture of sugar it was decided that it would be advisable to erect a small sugar house (such as I have recommended for the past six or seven years) in one or more favourable localities as a demonstration.

2. Mr. Hadi demonstrated his method of boiling sugar which is explained in detail in Bulletin No. 19 of the Department of Agriculture for the United Provinces. The sugar produced was a very good sample and I decided to test the system as thoroughly as possible this year at the Experimental Farm. The result has been, as will be seen from my report when submitted, that we have been able to produce as good sugar by the ordinary process as generally adopted in other countries and have saved thereby a loss of nearly a ton of sugar per acre. I was very glad to have a good opportunity for seeing the process demonstrated by Mr. Hadi himself.

3. The seed-distributing stores in the United Provinces were, I was told by Mr. Moreland himself, not worth visiting.

4. At Nagpur I saw the agricultural implements and machines, some of which were imported and some manufactured by them, but I saw nothing which I considered an improvement on what we have here, so far as our requirements are concerned. A thrashing machine imported from Germany was similar to that imported by me from the same country. But the one we have can, I believe, do better work. The winnowing machine I imported from Canada will, I think, meet the requirements of Mysore better than that imported by them from America. The cotton gin was a fine machine.

5. The experimental fields were much larger than ours. But ours are, I hope, more uniform.

6. The staff had recently been increased and consisted of a Director, a Deputy Director, (or Agriculturist) a second Agriculturist as Principal of the College and an Agricultural Chemist. A Botanist was expected to arrive soon, but the man who, I was told, had been appointed, has since accepted another position.

7. I regret that, owing to an oversight, this official report of the Board of Agriculture has not been sent at an earlier date."

SECTION 4—FORESTS

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. R. 1962-70—Ft. 53-06-6, dated Bangalore, 13th September 1907.

Order.—Instances of the abuse of elephant-shooting licenses having come to the notice of Government, they consider it necessary to lay down the following instructions for strict observance in future, to prevent wanton destruction and reckless wounding of these animals:—

(1) When permission to shoot an elephant is given, it should be clearly stated and understood that the permit extends to shooting *at* one animal only.

(2) If the sportsman concerned fails to bag it, the permission should be held to have lapsed and he should not be allowed to go on shooting at and wounding other elephants, except when such shooting is found necessary in self-defence and cannot be avoided.

(3) No one should be allowed to try for an elephant other than a proclaimed rogue, unless the sportsman is accompanied by the Officer in charge of Game Preserves, whose duty it should be to see that no shot is fired unless there is a practical certainty of bringing the animal down.

2. The foregoing instructions should be strictly adhered to. Authorities issuing licenses will invite the special attention of licensees to these conditions.

2. The initial notification under Section 4 of the Mysore Forest Regulation appeared on page 306 (Part I, English) of the *Mysore Gazette* dated 17th April 1902, and the date of proclamation thereof is not forthcoming in the file of records relating to the settlement of the Block. Mr. K. R. Srinivasiengar's letter No. 62, dated 25th December 1903, to the Deputy Commissioner, however, shows that he perambulated and inspected the block in company with the District Forest Officer, Kolar, in May 1903.

3. The claims enquired into by him were as follows:—

(1) Two claims for right of way.
(2) One claim for right to water.
(3) Two claims for right of free grazing. and
(4) One claim not falling under any one of the above.

Both the claims mentioned in (1) have been allowed and recorded, one claim in (2) has also been admitted and recorded. Of the two claims in (3), one has been rejected and the other disposed of by excluding a portion of land from the proposed area. One claim in (4) has been disposed of by altering the demarcation line as prayed for by the claimants.

4. The appeal period expired on the 26th January 1904. These records were received from the Deputy Commissioner, Kolar District, with his letter No. 1840-179, dated 29th September 1904, for further action in the matter.

5. The following records are herewith submitted.—

(1) Signed copy of the B Register.
(2) Signed copy of the C Register.
(3) Boundary Notification. and
(4) Trace map.

6. The date from which reservation has to take effect, has to be inserted in the boundary statement."

(2) Letter No 2065, dated the 24th August 1907, from the Conservator of Forests in Mysore, submitting the settlement papers and correspondence between him and the Revenue Commissioner on the subject.

(3) Registers B and C.

No. R. 2159-63—Ft. 63-07-2, dated Bangalore, 21st September 1907.

Order thereon.—The block was notified under Section 4 of the Forest Regulation in 1902 and the settlement was conducted by Mr. K. R. Srinivasiengar, Assistant Commissioner, who was appointed Settlement Officer in November 1903. No appeals are said to have been preferred against his decisions. The Revenue Commissioner, who was consulted by the Conservator in regard to the appropriation of the gomal lands proposed to be taken up into the State Forest, is of opinion that the area should not be constituted a State Forest but that it should be placed under special protection. The reason assigned by the Revenue Commissioner for such a course is that the tract is an isolated block of less than one square mile and that although the provision made for grazing is sufficient at present, proper provision must be made for future requirements as it is situated near very progressive villages. The Conservator states, that though the block is an isolated one, it is in close proximity to Block I of the Kamasandra State Forest separated only by a strip of land and that the grazing requirements could be met from the reserved area if necessary. He further states that the area is too valuable to be left at the disposal of the villagers and that in a dry district like Kolar, the conservation of all available tracts is of great importance.

2. On a consideration of all the circumstances of the case, Government are inclined to agree with the Conservator and consider that owing to the extreme importance of promoting the growth of forests in all available areas in the dry maidan parts of the State, it is necessary to bring it under strict conservation. If at any future time conditions should materially alter and it becomes necessary to exclude the whole or any part of the block, it will be possible to effect the necessary disafforestation. They are therefore pleased to approve of the settlement of the block. The tract will be notified as a State Forest under Section 17 of the Forest Regulation, the 1st of November 1907 being entered as the date from which the block shall be declared a State Forest.

3. The Deputy Commissioner of the Kolar District is requested to promulgate the boundaries of the forest in the localities in which it is situated.

4. The appropriation of 590 acres of gomal land for forest purposes is approved

NOTIFICATION.

No. R. 2164—Fts. 63-07-3, dated the 21st September 1907.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that, from 1st November 1907, the area, the boundaries of which are set forth in the schedule annexed to

this notification, shall be deemed to be a State Forest subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Kolar	Bowringpet	590 acres or ·92 square miles	Kamasandra Block VI.	*North.*—Starting from a point in the north-western boundary of Survey No. 6 of Mittapalli about 1½ furlongs north-east from the north-west corner of Survey No. 5, the line runs north-east along the boundary between Bempalli and Mittapalli villages to the tri-junction bandhs of Bompalli, Mittapalli and Nadimpalli villages; then south-east across Survey No. 30 of Nadimpalli to a point in the east side of that number about a furlong south from the north-east corner of Survey No. 29 along the boundary between Inam Bodenahalli and Nadimpalli; thence in the same direction to the tri-junction bandhs of Nadimpalli, Inam Bodenahalli and Buvvanahalli villages; then east along the boundary line between Buvvanahalli and the Inam villages of Bodenahalli and Varadapura to the tri-junction bandhs of Varadapura, Buvvanahalli and Bathalahalli villages. *East.*—Thence south-west along the west side of Survey No. 28 of Bathalur to the tri-junction bandhs of the said village, Buvvanahalli and Gundarlahalli. *South.*—Thence west across Survey No. 64 of Buvvanahalli for a distance of about five furlongs to the junction of bandhs of Survey No. 24 of Chinkamanhalli and 61 of Buvvanahalli; then south-west along the eastern boundary line of Chinkamanhalli to a point about two furlongs north from its south-east corner; then north-west across Survey No. 24 of Chinkamanhalli for a distance of about 2½ furlongs to the north-east corner bandhs of Survey No. 28 (tank) of the above village. *West.*—Thence north in a straight line across Survey No. 24 for a distance of about five furlongs to the bandhs at the easternmost corner of Survey No. 19 (tank); then north-west along the north-eastern boundary of the same number to the tri-junction bandhs of Chinkamanhalli, Nadimpalli and Mittapalli villages; then north-west across Survey No. 6 of Mittapalli for a distance of about 4½ furlongs to the starting point.

Remarks.

A. The following public rights of way have been allowed within the block all the year round:—

(1) *Cart-track.*—Ten yards wide and about 1½ miles long from Nadimpalli to Buvvanahalli. This enters the reserve in its northern boundary about thirty chains south-east from the tri-junction bandhs of Nadimpalli, Mittapalli and Bompalli, and running south for a distance of about eighty-eight chains, leaves the reserve in the eastern boundary of Survey No. 24 of Chinkamanhalli about thirty-three chains north-east from its south-east corner.

(2) *Foot and cattle path.*—Ten yards wide from Buvvanahalli to Ramunicheruvu and on to Inam Bodenahalli. This enters the reserve about twenty chains west from the tri-junction bandhs of Buvvanahalli, Gundarlahalli and Bathalahalli villages, and running north to the cheruvu and north-east to Inam Bodenahalli, quits the reserve at the tri-junction bandhs of Inam Bodenahalli, Varadapura and Buvvanahalli villages. The length inside the reserve is about 4½ furlongs.

B. The following right is admitted within the block.—Right to water in Ramunicheruvu is admitted throughout the year for men and cattle of the following villages by the tracks noted against them :—

Buvvanahalli	...	...	Access to the cattle and men of this village is admitted by foot-path No. (2).
Nadimpalli	...	...	Access to the cattle and men of the village is allowed by the northern demarcation line along the border of Inam Bodenahalli village.

By Order,

SECTION 2—SEPARATE REVENUE

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No 1280, dated 13th August 1907, from the Excise Commissioner in Mysore

1 have the honor to state that under the terms of the contract with Messrs Bujjanna and Mugondadeva Mudaliar for the monopoly of the supply of Ganja to the several shops in the State during five years from 1st July 1902 to 30th June 1907, the requisite supplies of Ganja were being sent from the Contractors' Store in the Distillery, *under bond* to the several Bonded Depots on the indents of the mutsaddis in charge of the depot, received from time to time, and from these depots, the mutsaddis issued the articles to the licensees of the shops on production of treasury receipts in proof of the prepayment of the *prescribed duty* at Rs 3-6-8 per seer As regards the price of the article, the mutsaddi, as the agent of the contractors, separately levied it from the licensee at the fixed rate of Re 0-13-4 a seer All dust and powder accruing out of the stock from time to time was destroyed in the depots with the consent of the contractors, to whom the wastage was debited

Thus under this arrangement the precautions of Government were confined solely to the levy of duty on the quantity issued to licensees by the contractors

2 The contract has expired on 30th June 1907, and to meet the demand of the current year 200 maunds of Madras Ganja have, under orders of Government contained in Proceedings No Fl 6—S R. 131-06-9, dated 1st July 1907, been purchased from Kamambady Stores and imported free As the Board of Revenue in consenting to supply the Ganja stipulated a condition that the article should not be supplied to frontier shops, these shops are continued to be supplied with the local Ganja of which there is a small balance out of the last year's growth, and the article imported from Madras (which is in cakes) is being supplied to the other shops in the State

3 This Ganja, having by final purchase become the property of Government, the licensee has now to pay both duty and price into the Treasury, and the recoveries of the latter will go towards the adjustment of the advance of Rs 5,000 sanctioned in Proceedings No Fl 60 61—S R 113-06-11 dated 6th July 1907. Under such circumstances it has become necessary to take very effective steps to guard against wastage of the drug It is no longer expedient to issue the loose drug to the depot mutsaddis so freely as hithertofore, (when the property had belonged to the contractors and all wastage had been debited to them) Because these mutsaddis have been often found to tamper with the *drug* and swell the wastage to cover up deficiencies of stock caused by petty malpractices in weighing and dealing out the article

In these circumstances, I have decided to have the Ganja weighed out and packed up in small boxes in the Distillery itself under personal superintendence of the Inspector who will have the boxes duly sealed and sealed with his seal

4 The boxes will be of three standard capacities, *viz*,—

1 seer 2 seers, and 3 seers.

so that a licensee requiring any quantity may take it in as many boxes as would make up the same In this connection I beg to invite reference to para 11 of Ganja Depot License (Appendix F to Ganja Rules) wherein a minimum of 1½ seers of Ganja has been laid down for issue to the licensee outside Bangalore and Mysore Cities This minimum was fixed where the duty and price per seer aggregated to Rs 4 and accordingly a licensee was required to take out at least Rs 6 worth of Ganja at a time But now that the duty and price has been raised to Rs 6 per seer I would propose that the minimum of quantity for issue to the licensee be reduced to one seer

5 The Ganja boxes being sealed may be passed on to the licensee, intact on production of treasury receipt for the prepayment of duty and price aggregating to Rs 6 a seer The Government will thus save wastage of the drug caused by rough handling and weighing out of the loose stuff in the depot, while the licensee on his part will have the satisfaction of getting the article required by him unadulterated and as correctly weighed out in the Distillery

6 A number of these little boxes may be put into a large dealwood case and sent, to the Bonded Depots for issue thence to the licensees, the boxes according to quantity required It will be safer still if the consignments, instead of being entrusted to the depot mutsaddis be sent to the Taluk Cutcherries As the consignment to each taluk will consist of only one big case containing a number of small boxes of 1, 2 and 3 seers according to the requirements of the taluk licensees, its custody in the Treasury room need not cause any particular

inconvenience. The Treasury Officer, having no need to weigh out the article, may simply pass on the sealed boxes to licensees as required immediately on payment of duty and price; and the only additional account entailed thereby is the maintenance of a small register of the issues day by day. On the other hand, by this arrangement, the various irregularities practised by the depot mutsaddis will be put an end to and the licensee will be greatly helped by getting his Ganja immediately on payment of money into the Treasury without having to go again to the depot.

7. As regards the boxes, the following dimensions as ascertained by actual test may be conveniently adopted :—

For 1 seer	...	...	...	13″	×	4½″	×	3½″
„ 2 seers	...	...	...	13″	×	9″	×	3½″
„ 3 seers	...	...	...	13″	×	9″	×	5″

Boxes of such small dimensions may be very readily made locally out of dealwood or other light timber planks between ¼″ to ⅜″ thick. I have now got some made from the Government Industrial School at Mysore; and on an average the boxes cost about 1¼ as. per seer by capacity. As for sealing the boxes, I propose adopting the *lead seal* used by the Madras Salt and Abkari Department to seal consignments of excise articles; and such seals will cost about three pies, for each box. Until the required machinery and moulds for the lead seal could be prepared and obtained, the ordinary wax seal may be used. Even inclusive of the lead seal, the boxes will cost 1½ as. for a seer capacity. But this need not be charged on the licensee, as it may be met out of the margin of Re. 0-6-9 left between the cost incurred by Government for the purchase and import of Ganja from Kanyambady and the issue price charged to licensees.

	Rs.	a.	p.
Issue price per seer	1	0	0
Cost price ... ... (Rs. 4,655-2-6 for 200 maunds, inclusive of freightage, etc.)	0	9	3
Balance ...	0	6	9

8. Lastly, the transport of Ganja to the taluk stations where Bonded Depots are now located having been included in the contract for the carriage of arrack, entails no extra charge on Government.

9. In these circumstances, I request that the Government will be pleased to accord their approval to the revised arrangements proposed, and should the proposal to have the Ganja boxes lodged in and issued from the Taluk Treasuries, be favorably considered, I would further request that the Comptroller to Government be advised to issue the needful instructions in the Treasury Department. I may here add that with the establishment of Warehouses for arrack now under organization, the transactions relating to Ganja and even opium may be transferred to them; and till then it may be expedient to have the Ganja boxes lodged in the Taluk Treasuries. I append hereto a statement showing the average of Ganja consumption in the several taluks.

A perusal of the statement will show how the consignments of Ganja (if sent generally once in a quarter) will not, in most of the taluks, be in any way so heavy as to cause particular inconvenience in the matter of either custody or issue of the Ganja boxes to the licensees.

10. As the matter is a very urgent one, I propose to bring the revised arrangements into force from 1st proximo latest, and I request to be favored with very early orders accordingly.

No. Fl. 1116-26—S. R. 66-07-2, dated Bangalore, 4th September 1907.

Order thereon.—Government are pleased to accord sanction to the proposals of the Excise Commissioner. The Comptroller will issue the necessary instructions to the officers in charge of Taluk Treasuries as to the form of accounts to be maintained.

2. The Excise Commissioner is requested to submit for approval of Government a draft notification embodying the necessary modifications in the Ganja Rules and the form of licenses, etc.

3. As regards the cost of boxes, etc., referred to in para 7 of the letter read above, Government trust that the Excise Commissioner will adopt the steps necessary to keep down the cost as much as possible consistently with efficiency.

C. S. BALASUNDARAM IYER,

Letter No. 1048, dated 3rd August 1907, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the Inamdars' claim to the Excise revenue from toddy of Jodi Satyamangala village, Tumkur Taluk.

No. FL. 1214—S. R. 61-07-2, DATED BANGALORE, 13TH SEPTEMBER 1907.

ORDER THEREON.—The sannad alienating the village has not been produced; nor have the Inamdars produced any evidence of enjoyment of this revenue by them, though called upon to do so since 1903. The right of the Inamdars to this item of revenue has also not been expressly admitted at the time of the Inam Settlement. In these circumstances the Excise Commissioner agrees with the Deputy Commissioner, Tumkur District, that the Inamdars are not entitled to the toddy revenue of the village. Government accept the above view and disallow the claim of the Inamdars.

Letter No. 5212, dated 26th June 1907, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the Inamdar's claim to the Excise revenue from toddy of Thukal village, Bowringpet Taluk.

No. FL. 1300-1—S. R. 22-07-2, DATED BANGALORE, 17TH SEPTEMBER 1907.

ORDER THEREON.—There are no date trees in the village, and a shop was opened there only recently. At the Inam Settlement of 1871, 'Abkari' was expressly reserved to Government, on the ground that no revenue from toddy had at any time been enjoyed by the Inamdar. The Excise Commissioner therefore holds that the term 'Eachalapairu' conceded in the sannad does not mean anything more than date trees, and that the Inamdar is not entitled to the toddy Excise revenue of the village.

2. Government accept the above view and disallow the claim of the Inamdar.

3. As a fact, rights to the Abkari item of revenue were denied to the Inamdars and reserved to Government at the Inam Settlement in 1871. This was appealed against in 1895, and the appeal was dismissed by Government. Under such circumstances it was entirely unnecessary to go behind the settlement and to refer to old sannad and contemporary accounts for light on the question now under disposal.

Letter No 4721, dated the 19th June 1907, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the Inamdar's claim to the Excise revenue from toddy of Jodi Kotagarahalli village, Magadi Taluk.

No. FL. 1332-3—S. R. 169-06-2, DATED BANGALORE, 17TH SEPTEMBER 1907.

ORDER THEREON.—The village, was granted to the Inamdar on Sarvamanya tenure in the year 1656. The Inam was ratified by Dewan Purnaiya in 1802, and was further confirmed during the administration of His Highness the late Maharaja Krishna Raja Wodeyar Bahadur. At the Inam Settlement of 1877, the rights to sayer, abkari and forests were reserved to Government, the claim to toddy being disposed of under para 4 of Precis No. 6 of the Inam Enquiry orders. The records show that the holders have been in the enjoyment of toddy revenue for more than 12 years preceding 1892-93. The Excise Commissioner concurs in the finding of the investigating officer, that the Inamdar is entitled to the Excise revenue from toddy of the village.

2. The antiquity of the Inam, the Inam Assistant's recommendation based on the takeed of 29th July 1811 and the Inamdar's actual enjoyment of the revenue are strong points in favor of the contention that the Inamdar is entitled to the toddy revenue of the village, that is to say, both Excise and tree rent; and as to any doubt which Col. Cole's reservation of abkari might suggest, the Government are of opinion that the benefit of the doubt should, in this case, be given to the Inamdar. Under these circumstances, Government are pleased to recognise the Inamdar's claim under Rules 2, 5 and 13 of Government Order No. 2074-83—R. F. 166-92, dated the 2nd August 1901. As there is no shop in the village, the case does not fall under Rules 9 and 12.

3. No alteration of Excise Department registers and accounts, as is suggested at para 7 of the Excise Commissioner's letter, is necessary or advisable.

4. The question of altering the present location of the shop near the other Inam village of Gajjigarakuppe is a separate matter requiring independent enquiry and report.

SECTION 2—COURTS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

1. Letter No. 2916—150, dated the 26th November 1906, from the Registrar, Chief Court, reporting the loss of the sale-proceeds of jewels and other property belonging to one Deviri, a deceased prostitute of Nanjangud, which were ordered to be sold by the District Judge of Mysore in Mis. Case No. 584 of 1903-04, and pointing out the want of due care on the part of Mr. M. Ramaswami Iyer, the Presiding Judge of the Court, in dealing with the case, and requesting the orders of Government as to the reimbursement of the amount of the loss to the minor children of the deceased.

2. Government Proceedings No. J. 1586-7—Cts. 94-06-4, dated the 8th December 1906, sanctioning, as recommended by the Chief Court, an advance of Rs. 50 for payment to the minor children of Deviri for their maintenance, pending final orders in the matter of the reimbursement of the sale proceeds of the jewels, etc., ordered to be sold by the District Judge, Mysore, in the above case.

3. Letter No. A, dated the 2nd February 1907, from Mr. Ramaswami Iyer, Retired District Judge of Mysore, explaining his conduct and pointing out that neither the Government nor himself is liable for the loss, but that it should be Recouped from the Receiver by whose default or negligence such loss was occasioned, failing which the loss must fall on the estate of the minors.

4. Letter No. 5873—271, dated 17th April 1907, from the Registrar, Chief Court, forwarding copies of the opinions of the Judges of the Chief Court in regard to Mr. M. Ramaswami Iyer's explanation.

5. Government Proceedings No. J. 398-99—Cts. 91-06-10, dated the 6th August 1907, sanctioning a further advance of Rs. 200, in part recoupment of the amount due to the minors.

No. J. 893-95—CTS. 94-06-9, DATED BANGALORE, 19TH SEPTEMBER 1907.

ORDER THEREON.—The facts of the case are as follows:—

One Deviri, a Sivachar prostitute residing at Nanjangud, was attacked with plague on the 16th January 1904 and died on the 25th idem, leaving three minor children and some moveable property. At her request during her illness, the Police, under the instructions of the Amildar of the taluk, took charge of the above property and secured the same. Subsequently on the 22nd June 1904, the question of the right to the guardianship of the children and to the management of the property came up for adjudication before the District Judge of Mysore in Mis. Case No. 584 of 1903-04. The then Judge, Mr. Ramaswami Iyer, made a reference to the Amildar and had the property produced in his Court on the 2nd December 1905, and directed Anantaramaiya, Assistant Nazir of his Court, to examine and take charge of the property, which consisted of gold and silver ornaments and clothes estimated at Rs. 1,810-8-0, besides fourteen documents. The property was first deposited in the District Treasury but was subsequently got back on the evening of the 23rd December 1905 for sale, and Anantaramaiya was directed by the Judge to sell the same by public auction. The sale was held on a Sunday during the Christmas holidays and a sum of over Rs. 2,000 is said to have been realised, but the money was not credited to the Treasury and has not been accounted for. There is every reason to believe that the money was embezzled by Anantaramayya. He has, however, committed suicide and his property is said to be heavily encumbered.

2. From the facts cited, it is evident that Mr. Ramaswami Iyer allowed the box containing the jewels, etc., to be sent for from the Treasury when the Courts were about to be closed for the Christmas holidays, allowed the sales to take place on a close public holiday, took no steps whatever to secure the sale proceeds and adopted no safeguards for their being sent to the Treasury after the holidays were over; moreover, the records of the case do not show that the District Judge

formally appointed Anantaramaiya as a Receiver to the estate. In his explanation, Mr. Ramaswami Iyer says that, as he appointed Anantaramayya as a Receiver in the case, he was not bound to watch every proceeding of his, unless attention was specially drawn to any irregularity by the party concerned and that, as the Receiver had not accounted for the property, the loss should be made good by him or recovered from his assets; and that neither he nor the Government are liable to make good the loss.

3. Government fully agree with the Chief Court in their opinion that there has been a gross dereliction of duty on the part of Mr. Ramaswami Iyer, to which must be attributed the loss that has resulted to the minors. Mr. Ramaswami Iyer's explanation is, as observed by the Judges, most unsatisfactory and loses much of what force it has by the fact that there is nothing on record to show that Anantaramaiya was formally appointed as a Receiver. It has been laid down in Government Proceedings No. J. 1372-3, dated the 5th March 1903, that the presiding officer of a Court "is also liable to make good amounts embezzled through his carelessness in supervision and failure to apply the ordinary checks." Whatever may be the legal rights of the minors in question to recover the value of the property by a Civil suit, Government are of opinion that they are morally bound to reimburse to the minors the value of the property lost and that Mr. Ramaswami Iyer is responsible to Government for the consequences of a gross dereliction of his duty as a Government servant; and they accordingly direct that the amount realised by the sale of the jewels and other property which has not been accounted for (estimated at over Rs. 2,000) be recovered from Mr. Ramaswami Iyer's pension in monthly instalments of Rs. 250. The Chief Court will be requested to ascertain as accurately as possible the exact amount of the loss and intimate the same to Government.

4. The advance of Rs. 250 sanctioned in the Government Proceedings read above, for the maintenance of the minors, will be adjusted by the Comptroller from recoveries made from Mr. Ramaswami Iyer as directed above.

5. The report promised by the Registrar of the Chief Court in para 2 of his letter No. 5873—271, dated the 17th April 1907, as regards the conduct of the other officials of the District Court in connection with the present case, should be forwarded for the information of Government.

Correspondence ending with letter No. 236, dated the 27th May 1907, from the President of the District Board of Bangalore, submitting a refund bill for Rs. 32-12-10 in favor of one Lakshmakka, owner of a pair of bullocks impounded in the cattle-pound at Jigani in the Anekal Taluk and sold on the 17th September 1906, and explaining that, according to para 76 of the Rules under the Local Boards Regulation, the amount was credited to the Treasury on the 29th October 1906 instead of being kept in deposit for three months.

No. 2294-310—L. B. 437-06-4, DATED BANGALORE, 9TH SEPTEMBER 1907.

ORDER THEREON.—The refund bill for Rs. 32-12-10, being the surplus sale proceeds of the cattle referred to in the above, is sanctioned and forwarded to the Comptroller for audit.

2. It has several times happened that the sale proceeds of impounded and unclaimed cattle, instead of being kept in deposit for three months as required by Section 17 of the Cattle Trespass Act, have been credited as revenue in the District Fund Accounts of the Treasury, apparently under the authority of para 76 of the rules cited in the letter read above. The said para 76 of the rules does not dispense with the necessity of keeping the amount in deposit as required by law; "payment into the Treasury," directed therein, only means addition to the total receipts, including debt head receipts of the fund and not credit to the revenue head of the fund. As the District Fund account has its own debt heads, such as deposits, etc., under which amounts of this kind could be paid in the first instance, and adjusted finally under the fund revenue head concerned or paid to the party entitled to them under the rules for the disposal of such deposits, the proper course to adopt is that the sale proceeds of stray cattle should be held in deposit in the District Fund accounts for three months as required by law and refunded by means of a President's cheque if claimed within that period, or credited to the appropriate revenue head "III. Sale of stray cattle." It is requested that this course be invariably pursued.

ORDER THEREON.—The age limit for entering into Government service will be raised to forty years in the case of the following classes of teachers, subject to the provisions contained in Article 341 of the Mysore Service Regulations :—

1. Teachers of Singing and Music.
2. Sewing Masters or Mistresses.

Correspondence ending with letter No. 9713—810, dated the 26th June 1907, from the Inspector-General of Education in Mysore, submitting proposals for raising the pay of teachers drawing less than Rs. 10 per mensem to Rs. 10.

No. 2715-6—ED. 259-06-4, DATED BANGALORE, 23RD SEPTEMBER 1907.

ORDER THEREON.—The question of raising the pay of Taluk and Hobli School Masters has been long under the consideration of Government. In 1897-98 and 1899-00 the minimum pay of the teachers was raised from Rs. 5 to Rs. 7, but it has all along been felt that the increase given was insufficient to meet the requirements of the case. The Inspector-General of Education states that there are at present 1,913 teachers on Rs. 7, 80 on Rs. 8 and 3 on Rs. 9, both in the State and in the Village Fund Schools, but the figures obtained from the Comptroller slightly differ. They give 1,903 teachers on Rs. 7, 80 on Rs. 8, and 3 on Rs. 9. These 1,986 teachers are distributed between the State and Village School Funds as shown below :—

	No. on Rs. 7	No. on Rs. 8	No. on Rs. 9	Total Rs.
State Funds	568	62	3	633
Village School Fund	1,335	18	0	1,353
Total ...	1,903	80	3	1,986

2. The Government of His Highness the Maharaja of Mysore are fully alive to the necessity of raising the pay of these teachers to a minimum of Rs. 10, but financial considerations preclude full effect being given to the scheme. They are pleased to direct that as a first instalment the pay of these 1,986 teachers be raised by one rupee each with effect from the first October 1907. This arrangement will raise the minimum pay of teachers from Rs. 7 to Rs. 8 and the question of raising the minimum still higher will be considered when funds become available.

3. The additional cost involved during the nine months of the current year by the increase of pay above sanctioned is 1,986 × 8 or Rs. 15,888, of which a sum of Rs. 5,064 is on account of teachers of State Fund Schools and Rs. 10,824 for Village School Fund teachers. As the Village School Fund however is not at present in a position to bear the additional cost, *viz.*, Rs. 10,824 the same will be paid as a grant-in-aid from the General Revenues this year. A provision of Rs. 22,000 has already been made in the Educational State Fund Budget for the current year to meet the cost of the increase of pay to State Fund School teachers and for the grant to the Village School Fund towards the cost of increasing the pay of the Village School Fund teachers.

GENERAL

SECTION 1—REPORTS

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. G. 1762-802—G. R. 4-07-3, DATED BANGALORE, 6th SEPTEMBER 1907.

ORDER.—At the last session of the Representative Assembly, a representation was made that a list of voters and of those eligible for election as members, might be published in the Gazette beforehand, so that persons whose names are omitted, but who consider themselves qualified to be included in the lists, might have an opportunity to get the mistake rectified. The reply of Government was that this would be done (Subject No. 326).

2. Another suggestion that was made (Subject No. 327) was that retired Magistrates and Judges might be nominated as members of the Representative Assembly without election or that they might be declared eligible for election without a property qualification. The existing rules do not provide for nomination of members by Government; each member of the Assembly has to be returned by taluk electors, Municipal Councils, Local Boards or Associations. Government consider it inexpedient to provide in the rules for the nomination of members by Government, as that would affect the representative character of the Assembly. Government also consider it inexpedient to relax the rule about property qualification in the case of retired officials as suggested.

3. Opportunity is also taken to supply certain other defects in the rules which have been found to exist in actual working. The present Rule 8 declares that a person who has been convicted of a criminal offence indicating a bad or immoral character is ineligible for election, but there is no provision for excluding a person who, though not convicted, has been subjected by a Criminal Court to an order which implies bad character. Such a case arose last year when a person who had been ordered by the Chief Court to be prosecuted for perjury, but had not been actually prosecuted, happened to be returned as a taluk member. It is proposed to take power to exclude such persons also by an addition to Rule 8, on the lines of the rules framed by the Government of Madras under the Madras District Municipalities Act. The present Rule 5 is obsolete and will therefore be omitted. A new Rule 5 A is added declaring explicitly what is now impliedly understood (*vide* Rule 2), that taluk members retain their membership for three years.

4. The annexed notification making the alterations and additions indicated above, will be published in the *Mysore Gazette*.

In the "Rules regarding the constitution and conduct of business of the Mysore Representative Assembly," promulgated with Notification No. 21572—G. F. 99-93, dated the 10th June 1894, the following changes shall be made:—

I. For para 5 the following paras shall be substituted:—

"5. A list of electors and of those eligible for election shall be published in the *Mysore Gazette*, not later than the 15th day of the month of Ashadha. Persons whose names are omitted from the said list shall, within ten days from the publication thereof, apply to the Deputy Commissioner for inclusion of their names in the said list.

"5A. Persons elected under Rule 2 shall be members of the Representative Assembly for a term of three years next after the election."

II. In para 8, for the words "convicted of a criminal offence indicating a bad or immoral character" the following shall be substituted:—

"Convicted of any such offence or subjected by a Criminal Court to any such order as implies, in the opinion of Government, a defect of character which unfits him to be a member of the Representative Assembly."

2. It is satisfactory to note that the supply of certain articles of stationery from the Central Depôt to all the Taluk Offices in the State, which was undertaken for the first time during the year under report, in lieu of the practice of those offices purchasing them locally out of the contingent allowances, has resulted in an appreciable saving to Government. MUZRAI

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Proceedings No. 3957-64½, dated 17th March 1906, directing the revival of feeding in all the Muzrai chattrams in the State.

Letter No. 424, dated 23rd April 1907, from the Deputy Commissioner, Mysore District, submitting a report regarding the chattrams at Maddur and Sivapur.

No. 1287-9—MUZ. F. 7 OF 1895, DATED 2ND SEPTEMBER 1907.

ORDER THEREON.—The Government, while directing the revival of feeding in the Muzrai Annachattrams in the State, requested the Deputy Commissioners of Districts to submit proposals on the additional establishments that might be required in consequence of such revival. The Deputy Commissioner of the Mysore District has accordingly submitted his proposals for the revision of the establishments of the Maddur and Sivapur chattrams in his district, and also recommends that the last named chattram may be converted into a musafirkhana and handed over to the Local Fund Board.

2. The Government observe that although the chattram at Maddur is included in the general Order of the 17th March 1906 read above, directing the revival of feeding in all the chattrams in the State, still the circumstances of that chattram are peculiar. After the opening of the Railway, the number of travellers alighting at Maddur has greatly diminished and further, there is no building for holding a feeding chattram there and the construction of a new chattram building has had to be put off for want of funds. At present, merely raw rations are given to the few pilgrims, chiefly Byragees, who resort to the place. The Government are therefore of opinion that there is no necessity for reviving feeding and entertaining an additional establishment therefor in the Maddur chattram. The distribution of raw rations should however go on as usual.

3. As regards the chattram at Sivapur which is situated close to the Maddur Railway Station, the Government observe that it is largely resorted to by the travellers proceeding to and from Malvalli, Sivanasamudram and Kollegal, but that the accommodation in the chattram is insufficient to meet the requirements. As it is not possible to keep up both the chattrams at Maddur and Sivapur out of the Tasdik of the single chattram at Maddur, the Government direct that the existing establishment of the chattram at Sivapur be dispensed with and the building made over to the Local Fund Board as recommended by the Deputy Commissioner, on the understanding that they should keep it in good repair and also bear the entire cost of its up-keep besides increasing the accommodation to travellers as far as possible.

1. Petitions Registered Nos. 9816 and 9826, dated 16th February 1907, presented to the Revenue Commissioner in Mysore, by Pattadi Govindappa of Bangalore and Yellappa and others of Bangalore, respectively, appealing against the order of the Deputy Commissioner, Bangalore District, directing the restoration of certain lands in their possession to the Godhuraiya Matt, Bangalore.

2. Letter No. 15661, dated 25th June 1907, from the Revenue Commissioner in Mysore, submitting the petitions and also the correspondence and the records relating to the case received by him from the Deputy Commissioner, Bangalore District.

3. Letter No. 14, dated 26th July 1907, from the Superintendent of Inam Settlements in Mysore.

No. 1311-3, DATED BANGALORE, 3RD SEPTEMBER 1907.

ORDER THEREON.—The facts of the case are briefly as follows:—

From the extract of the Inam Register received with the Inam Superintendent's letter read above and also from the Quit-rent Register of the Bangalore Taluk, it is observed that the old Survey No. 23 (the present Survey No. 22) of the Hanumanthapura village near Annamma's temple, Bangalore, measuring 5 acres 20 guntas as noted in the margin and assessed at Rs. 23, is a Devadaya Inam granted for the support of the Godhuraiya Matt at Bangalore and confirmed to that institution on a Jodi of Rs. 6.

	A.	G.
Dry ...	... 2	24

2. From the documents produced by Govindappa, one of the appellants, it appears that a portion of the land referred to above was alienated to him, the date of such alienation being the year 1863. The petitioners also urge that other portions were also alienated by means of lease, mortgage and sale, and have passed several hands.

3. In the year 1890, one Siddaiya, a descendant of the original pujari of the Godhuraiya Matt, applied to the District Judge of Bangalore for a declaration of his title to and for possession of the alienated lands as against the appellants. The parties, however, effected a compromise and the District judge thereupon decreed that the lands were the property of Kallumathada Nanjundeswara attached to the Godhuraiya Matt, that the defendants were only tenants in possession, and that they should pay to the pujari Rs. 26 per annum as the rent of the land.

4. In the year 1904, however, the said pujari Siddaiya petitioned the Deputy Commissioner, Bangalore District, complaining that the rent on the Matt lands was not being paid to him and praying that the Inam lands might be resumed and restored to the Matt. A thorough enquiry was then held and Mr. H. H. Sparkes, the then Deputy Commissioner, directed the eviction of the present occupants of the land, *viz.*, the appellants, and the restoration of the same to the Godhuraiya Matt. It is against this order that the petitioners appealed to the Revenue Commissioner. As the alienation in question was in respect of Inam lands and was made by the grantees of such lands, the Revenue Commissioner states that the appeal does not lie to him and he has accordingly forwarded the petitions together with the connected papers for the disposal of Government.

5. From the facts as set forth above, the Government observe that the case is clearly an unauthorized alienation of a Devadaya Inam coming under clause B, Rule II of the Alienation Rules published under the Chief Commissioner's Notification No. 266 of the 17th November 1877. The Deputy Commissioner's order appealed against is accordingly confirmed and the appeal petitions rejected.

6. The Deputy Commissioner is requested to inform the petitioners accordingly.

Sreemukha Registered No. 2773, dated 22nd January 1905, from the Swami of the Sri Sivaganga Matt in the Nelamangala Taluk, requesting the revival of the lapsed cash allowance of 400 varahas once enjoyed by the Matt.

Letter No. 3974, dated 17th March 1906, from this office to the Superintendent of Inam Settlements in Mysore, requesting him to settle the above claim in accordance with rules and report the result to this office.

Letter No. 5, dated 5th July 1907, from the Superintendent of Inam Settlements in Mysore, reporting that a settlement has been made, and submitting a copy of the Inam Register relating thereto.

No. 1369-70—MUZ. F. 36 OF 1893, DATED BANGALORE, 4TH SEPTEMBER 1907.

ORDER THEREON.—The Swami of the Sri Sivaganga Matt represented that under the Sannad dated 7th August 1818, granted by His Highness the late Maharaja Sri Krishnaraja Wodeyar Bahadur III, the Matt was originally in the enjoyment of a cash allowance of 400 varahas per annum for services in the institution and for Santarpane to Brahmins, that the allowance had ceased, and prayed for its revival. The Superintendent of Inam Settlements who was requested to report whether the grant in question was brought up for enquiry at the Settlement and if so, how it was then adjudged, stated in reply that there was nothing in the Inam Office records beyond the fact that the claim was made at the Inam Settlement in 1876 but left unsettled, and that further enquiry would be made if so directed. He was thereupon requested to settle the cash grant in question in accordance with the rules. Col. Grant has settled the grant accordingly; and in the copy of the Inam Register received with his letter of the 5th July 1907, that officer observes that the validity of the allowance of 400 pagodas has not been established, that it does not come under either Rule I or Rule II of the Rules for the settlement of ready money grants, that there is proof of its having been paid in one year only, *viz.*, 1818, and that it was not registered in any Tasdik Patti, nor enjoyed by the Matt and entered in the auditor's list. He says that there is no proof of the allowance having been authoritatively resumed, but that equally there is no proof that it was being enjoyed. He has decided that the validity of the grant is not admitted This settlement is approved. The result of the settlement will be communicated to the Swami of the Matt.

The Revenue Commissioner's review of the Famine Relief Programmes for the year 1907, received with his No. 11719, dated the 9th April 1907 :—

1. *Dates of receipt of programmes.*—The following statement shows the dates on which the several programmes were received in this office and those of the Superintending Engineers:—

District	Public Works		Village Works	
	Date of receipt in the Superintending Engineer's office	Date of receipt in this office	Date of receipt in the Superintending Engineer's office	Date of receipt in this office
Bangalore	31st January 1907	26th February 1907	9th March 1907	22nd March 1907
Kolar	4th February 1907	1st March 1907	28th February 1907	4th March 1907
Tumkur	30th January 1907	28th February 1907	9th March 1907	14th March 1907
Chitaldrug	29th January 1907	25th February 1907	26th January 1907	26th February 1907

Hassan	4th March 1907	17th March 1907	4th March 1907	16th March 1907
Kadur	2nd March 1907	14th March 1907	20th February 1907	14th March 1907
Shimoga	16th January 1907	14th March 1907	23th January 1907	14th March 1907

It will be observed from the above that in the case of Public Works programmes the districts of Mysore, Hassan, Kadur and Shimoga and in the case of Village Works programmes all the seven districts except Chitaldrug did not submit the returns in time. The longest delay occurred in the Mysore District. It has been explained by the Deputy Commissioner that the delay was due to his having waited for returns from Heggaddevankote Taluk, which were not submitted after all. The Revenue Commissioner would impress on all District Officers that the timely preparation of such returns is very essential and that they should not spare such of their subordinates as hinder the punctual submission of the returns.

It will be well and save a lot of inconvenience and delay in this office if the several authorities concerned would see their way to the prompt submission of the programmes in future, in order to enable this office to have them efficiently checked, forms III and IV correctly prepared for submission to Government with a review.

2. *Summary of the programmes.*—The projects of both the Public and Village Works programmes number 5,509 at an estimated cost amounting to Rs. 2,07,24,578, out of which the sum of Rs. 1,37,44,365 or 66·3 per cent is available for famine labour likely to employ 20,61,65,475 units as detailed below.—

3. *Classification of sanctioned programmes.*—The Superintending Engineer of the Western Circle says that though the Deputy Commissioners of the Shimoga, Hassan and Mysore Districts have brought on 330,40 and 136 projects, respectively, under class A in the Village Works programmes, not even a single project for any of the works was received in his office for approval. These works have accordingly been transferred to the B class, leaving sanctioned programmes (both Public and Village Works) at 494 works capable of providing 64,855,500 units.

4. *Description of the several works.*—The classification of all the projects including sanctioned as well as others with the respective number of units that can be provided for by each class of projects, is exhibited in the subjoined statement:—

5. *Total number of people to be provided for.*—As laid down in Section 20 of the Mysore Famine Code, 1906, the programmes have to make provision for the relief of 7,06,426 persons for a period of six months or in other words for 12,89,22,745 units.

6. *Adequacy of the programmes.*—Considering the sanctioned works alone, it will be seen from the subjoined statement that for the Province as a whole, provision has been made for 50 per cent of the total number requiring relief. Viewing by districts, Mysore heads the list, providing for 86 per cent of the number requiring relief in the district; then come Shimoga and Kadur with 73·3 and 64·7 per cent respectively. Bangalore, Tumkur and Hassan provide for about 43 per cent each. The provision in the Kolar and Chitaldrug Districts is very low, their percentages being 18·4 and 12·3 respectively.

Taking the sanctioned and emergency programmes together, enough provision has been made in all the districts except Kolar, where the provision falls short of the minimum by about 13 per cent.

As not a single work has been brought under class A in the Village Relief programmes of the five districts of Mysore, Hassan, Shimoga, Kadur and Chitaldrug, it is desirable that the respective Deputy Commissioners should interest themselves by submitting projects for as many works as possible for approval by the Public Works Department and thus bring them under class A.

7. *Defects in the programmes.*—The following are some of the defects noticed:—

Names of persons have been entered under Column 10 in Form No. II against certain Government works in Part I of the Village Relief programmes for the Kolar, Tumkur and Kadur Districts. It is not clear whether any such private persons have offered to contribute financially for the execution of these Government works. In many cases in the Kunigal Taluk and the Koratagere Sub-Taluk such expressions as "the shanbhog of the village," "the patel of the village," "the sheikdar of the hobli" have been entered in the said column. This column is required only for Part II "Aided works." Unless these persons have promised any contributions in money, the entries would be inaccurate.

But in Part II (Private aided works) the names of persons who have offered money for the execution of works from their private funds, in addition to the aid granted by Government, should naturally be shown under the said column. On the contrary, the column has been mostly left blank in such cases (*vide* Koratagere, Maddagiri, Sira, Dodballapur, Kolar, Chintamani and Sidlaghatta Taluks).

In the case of Public Works programmes, in Serial No. 2 of the Malvalli Taluk (Restoring Bandaguda ane) Rs. 1,148 has been shown as amount available, while the tolal estimate for the work is only Rs. 1,070.

In Chamrajnagar, Seringapatam, Krishnarajpete and Nagamangala Taluks, small works which ought to have been entered in Part II of the programme have been shown under Part I "Large works." And on the other hand, four large works in the Anekal Taluk have been brought under Part II "Small works."

From the only entry "Village shanbhog and patel" throughout from beginning to end made in Column 9 of Form No. II Programme (Village Works) of the Mysore District, it is evident that no trouble has been taken at all to make enquiries for ascertaining the names, if any, of persons who would readily come forward to undertake the management of these Government works, but the column has apparently been written up as a simple matter of routine.

8 *Number of persons available for famine duty.*—The following list shows the number of persons available for famine duty as against the number shown as available in the year 1906.

District	1907	1906
	Rs.	Rs.
Bangalore	334	38
Kolar	100	85
Tumkur	510	11
Mysore	1,350	458
Hassan	264	348
Shimoga	218	136
Kadur	40	55
Chitaldrug	221	35
Total ...	3,037	1,166

The divergence in the figures in most of the districts is so great that it will be interesting to know on what data these calculations are made year after year, and the Deputy Commissioners are requested to explain in future programmes how and what classes of men have been selected for this duty.

9. Forms III, IV and IV A (Abstract of Village Works) are herewith annexed.

No. 866-78—6511-23, DATED BANGALORE, 14TH SEPTEMBER 1907.

ORDER THEREON.—In the review read above the following points call for notice.

2. *Para 1.*—In this para, the Revenue Commissioner points out the delay in the submission of the programmes on the part of the Executive Engineers and the Deputy Commissioners, and states that it will be well and save a lot of inconvenience in his office, if the several authorities concerned would see their way to the prompt submission of the programmes in future. The attention of the Superintending Engineers and the Deputy Commissioners will be drawn to the Revenue Commissioner's remarks as well as to the standing orders of Government on the subject of the punctual submission of these programmes by the 15th January of each year.

3. *Para 3.*—The Deputy Commissioners of Shimoga, Hassan and Mysore Districts, are stated to have not submitted even a single project to the Superintending Engineer for the village works entered in their programmes. This omission was noticed in the previous year's review, and the Deputy Commissioners concerned will be asked to report why no action has been taken by them in the matter.

4. *Para 5.*—In calculating the prescribed number of units to be provided for the employment of relief works for six months, the Revenue Commissioner has taken the number of days at 182½, whereas in the foot-notes to Forms I and II in the Code, this is given as 180 days. For the sake of uniformity, the Revenue Commissioner will adopt the latter figure in future.

5. *Para 6.*—The low provision in the Kolar, Chitaldrug and some other districts has already been explained in the Government review of last year; but it is not understood why the construction of a reservoir on the Markandeya stream in the Kolar District, already sanctioned by Government for Rs. 78,417, has been again omitted, although this omission was pointed out last year. In the Chitaldrug District the large Marikanave project, which is in progress on a sanctioned estimate of Rs. 44,67,211, has likewise been omitted. There are also other omissions as noted below:—

(1) *Works for which estimates have already been sanctioned.*—

Chitaldrug District.—Restoring Kadchudi tank in the Challakere Taluk. Estimate Rs. 6,000.

Mysore District.—Constructing a reservoir across the Nugu river near Beerwal in the Heggaddevankote Taluk. Estimate Rs. 2,90,850.

Constructing Chik Sulikere tank in the Malvalli Taluk. Estimate Rs. 1,08,035.

Shimoga District.—Constructing an anikat across the Bhadra river at Gopala in the Shimoga Taluk. Estimate Rs. 13,91,366.

The left and right bank channels from this anikat are, however, shown separately at the estimated cost of Rs. 60,000 and 1,50,000 respectively. But it is desirable that the entire project should be shown in the programme.

(2) *Works for which estimates are under preparation or disposal.*—

Kolar District.—Raising by six feet the Gadare anikat across the Kumudvati river. This project is being revised by the Superintending Engineer, Eastern Circle.

Tumkur District.—Constructing a reservoir across the Shimsha river at Markonahalli in the Kunigal Taluk. This project has been revised by the Superintending Engineer, Eastern Circle, and is now under scrutiny in the Chief Engineer's office.

Item No. 88 in the Tumkur District programme is apparenly a repetition of item No. 86 (Constructing Singadahalli new tank in the Chiknayakanhalli Taluk).

6. The classification of some of the works, such as those noted below, does not appear to be correct.

Bangalore District.—Constructing Alhalli new tank in Kankanhalli Taluk. This work has been ordered to be undertaken only if necessity should arise for providing work for famine labour; and the project can be started whenever required, as the plans and estimates have been sanctioned. It should therefore be classed under II B instead of II C.

Tumkur District.—Constructing a new tank at Thumbadi in Maddagiri Taluk. This work has also been ordered to be undertaken only as a famine work, and it should therefore be classed under II B instead of II C.

Chitaldrug District.—Constructing a new tank at Devar Beligere in Davangere Taluk. As the plans and estimates for this work have already been prepared, it should be classed under III C instead of IV C.

Constructing a new tank at Donehalli in Jagalur Taluk. As this project has already been sanctioned, and as the work is only to be undertaken to provide work for famine labour, being otherwise very unremunerative, it should be classed under II B instead of IV C.

Constructing a new tank near Pakurti or Rampur in Molakalmuru Taluk. For similar reasons this work should also be classed under II B instead of IV C.

Hassan District.—Improving and extending the south channel from the Sreeramadevar dam. As a project has been sanctioned for this work, it should be classed under II A instead of III A.

If these works are taken into account, the percentages struck by the Revenue Commissioner will be materially modified. The Superintending Engineer, Eastern Circle, should, however, see that more projects are, if possible, brought on to the sanctioned programmes of Kolar and Chitaldrug Districts.

7. *Para 7.*—In addition to the defects in the programmes noticed by the Revenue Commissioner, it may be pointed out that Parts I and II have not been separately prepared or properly distinguished, in the Public Works programmes of the Tumkur, Shimoga and Kadur Districts. The Public Works programme for the Kolar District has been prepared in manuscript form, instead of in printed form, copies of which could have been obtained from the Stationery Depot on indent. The works in the Village Works programme for the Tumkur District have not been properly arranged, *i.e.*, the works in one and the same taluk have not been continuously shown, but scattered in several places. The programme takes up seven volumes, which is partly due to the large number of works in this district, but partly also to the lengthy remarks written. These remarks may be curtailed, or more concisely entered, so as to reduce the bulk of the programme, as much as possible. The "Remarks" column in abstract (Form III) has not been filled in most of the programmes, although this is specially required to be done in a note printed in the column. The attention of the Superintending Engineers and the Deputy Commissioners will be drawn to these defects.

8. *Para 8.*—The difference between the figures of the current and the past year as regards the number of persons available for famine duty, is very great, and the

Deputy Commissioners will be asked to explain in future programmes how and what classes of men have been selected for this duty, as suggested by the Revenue Commissioner.

9. Under Section 32 of the Famine Code, the Superintending Engineers of Circles will have to submit by the 1 th April, inspection reports on the reserves of tools and plant maintained; but as the entire reserve famine tools are stored in the Water-Supply and Stores Division at Bangalore, the report prescribed will, in future, be submitted by the Executive Engineer of the above Division.

10. The abstract statement (Form III) of the Famine Relief Programmes for the year under review, and a list of the number of tools reserved in the Water-Supply and Stores Division are appended for information.

(1) Notes dated 30th March 1907, by the Secretary to Government, Public Works Department, forwarding the consolidated budget estimates of the Public Works Department for the year 1907-08.

RAILWAYS

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ THE FOLLOWING PAPERS:—

(1) Note No. 74 by the Secretary to the Government of Mysore for Railways, dated 25th March 1907:—

"I beg to submit for sanction Railway budget estimates for the year 1907-08, with the following brief remarks.

The gross receipts are estimated at Rs. 25,32,000 and the expenditure at Rs. 30,76,000.

RECEIPTS.

These are estimated at Rs. 25,32,000 for 1907-08 on the data supplied by the Southern Mahratta and Madras Railway Companies subject to revision by the Comptroller. For the official year 1906-07, the receipts were estimated by that officer at Rs. 24,50,000 against the Company's estimate of Rs. 22,53,000.

CAPITAL EXPENDITURE.

This is estimated at Rs. 30,76,000 against the modified grant of Rs. 27,81,955 for the current official year. Their distribution over the several open lines, etc., are detailed below:—

I. OPEN LINES.

1. *Mysore-Harihar line Rs. 4,47,000.*—According to the Triennial Demand Schedule for the period ending 1909-1910, a sum of Rs. 4,53,000 was asked for to meet the cost of Capital works during 1907-08. But as their schedule is prepared for the British official year commencing from April and terminating at the end of March, a revised schedule to correspond with the Durbar official year 1907-08 was obtained from the Agent, Southern Mahratta Railway Company. In this the demand has been reduced to Rs. 4,47,000, which includes the amount of Stores balance to be paid for by the Durbar. This latter figure has been allowed to stand.

Almost all the works which are proposed to be undertaken during 1907-08 have been sanctioned by the Durbar. In the remarks column of the detailed budget estimates, particulars are entered as to their necessity or otherwise.

2. *Mysore-Nanjangud Extension.*—A sum of Rs. 4,500 has been provided for improvements to Nanjangud Town Station.

3. *Birur-Shimoga line.*—The provision of Rs. 48,400 made under this head is on account of a siding required at the Shimoga Station in connection with the working of the heavy Manganese traffic from the Mines near Kumsi.

4. *Kolar Gold Fields line.*—The provision of Rs. 10,000 made under this head is on account of expenditure on capital works and to cover expenditure on unforeseen items which it may, in the course of the year, be considered necessary to undertake.

II. SALOON CARRIAGES.

A sum of Rs. 3,000 is provided to meet the usual charges of maintenance and minor repairs to the State Saloons.

III. DIRECTION AND ACCOUNTS.

The charges under this head call for no remarks as the usual establishment only has been budgetted for.

IV. RESERVE GRANT.

A small sum of Rs. 3,000 is provided for under this head to meet unforeseen contingencies.

V. INTEREST.

This calls for no remarks.

VI. REVENUE EXPENDITURE.

The working expenses to be paid to the Southern Mahratta and Madras Railway Companies have been estimated at Rs. 25,32,000 on the data furnished by the Companies' Officers.

(2) Government Order No. Fl. 8802-3—Gen. Fin. 398-06-2, dated 28th May 1907:—

The budget estimates of the Railway Department for 1907-08 as revised by the Comptroller, providing for an income of Rs. 26,25,000 as against Rs. 24,50,000 in the current year and an expenditure of Rs. 29,16,000 against Rs. 28,19.000, are provisionally accepted as detailed below:—

RECEIPTS.	Rs.
Mysore-Harihar	18,50,000
Mysore-Nanjangud	50,000
Bangalore-Hindupur	4,00,000
Birur-Shimoga	1,50,000
Kolar Gold Fields	1,75,000
Total ...	26,25,000

EXPENDITURE.	Rs.
Capital expenditure	3,50,000
Saloon carriages	3,000
Direction and Accounts	8,000
Reserve grant	3,000
Guaranteed Interest	7,20,000
Working expenses	18,32 000
Total ...	29,16,000

(3) Government Order No. Fl. 237-78—Gen. Fin. 458-06-2, dated 20th July 1907, sanctioning the State budget estimates for the year 1907-08.

No. 94—Ry. F. 29-07-8, DATED BANGALORE, 20TH SEPTEMBER 1907.

ORDER THEREON.—The receipts from open lines of Railway were originally estimated at Rs. 25,32,000, which the Comptroller recommends to be increased to Rs. 26,25,000 on account of steady improvement on all the lines except the Kolar Gold Fields Railway. The latter figure may therefore be accepted.

EXPENDITURE.

2. The expenditure which was originally estimated at Rs. 30,76,000 but subsequently reduced to Rs. 29,16,000 by Government in their provisional Order No. Fl. 8802-3—Gen. Fin. 398-06-2, dated 28th May 1907, has been further reduced to Rs. 29,02,000 in Government Order No. Fl. 237-78—Gen. Fin. 458-06-2, dated 20th July 1907, sanctioning the State budget estimates for the year 1907-08.

3. The Railway budget estimates for 1907-08 as now revised and sanctioned provide for an income of Rs. 26,25,000 as against Rs. 24,50,000 in the previous year and an expenditure of Rs. 29,02,000 against Rs. 28,19,000 for 1906-07.

A copy of the budget estimates is attached.
